Notre engagement: Devenir votre « Lifetime partner »

Nos atouts pour vous accompagner

Point de contact unique avec des équipes dédiées et spécialisées pour simplifier le parcours client

Approche globale et coordonnée offrant sérénité et réactivité à travers notre vaste réseau

Esprit novateur afin de créer de nouvelles propositions et répondre aux besoins des clients

Partage de données et d'informations grâce à nos services digitaux et à nos partenariats

Expertise ciblée pour soutenir et accompagner les multinationales

02

Nos solutions et services

Protégeons vos collaborateurs, ensemble.

Nos Solutions de réassurance

Nous gérons le risque pour vous permettre de piloter sereinement votre protection sociale.

Lifecycle Pooling

Global

Cette solution s'adapte à la taille et au profil de risque du client en fonction des primes et des pays inclus dans le pool. Elle combine l'avantage et la simplicité d'une formule de pool Multiemployeur pour un volume de primes plus réduit et d'une formule de pool dédié « Standalone » personnalisable pour des volumes de primes plus conséquents.

Global Underwriting

Global

Ce programme permet d'optimiser les flux financiers et d'informations des plans locaux de protection sociale grâce à une stratégie de souscription globale. Le Global Underwriting permet à partir d'une négociation centralisée d'établir des conditions de souscription améliorées en fonction des ratios combinés par pays et par couverture pour une durée d'environ 3 ans.

Captive

Global

Une captive est une compagnie d'assurance (ou réassurance) constituée exclusivement pour assurer ou réassurer les risques uniquement supportés par l'entreprise. Elle représente une approche stratégique de la protection sociale d'une entreprise pour gérer et financer des avantages sociaux compétitifs tout en apportant transparence et maîtrise des coûts.

Reinsurance Only

Local

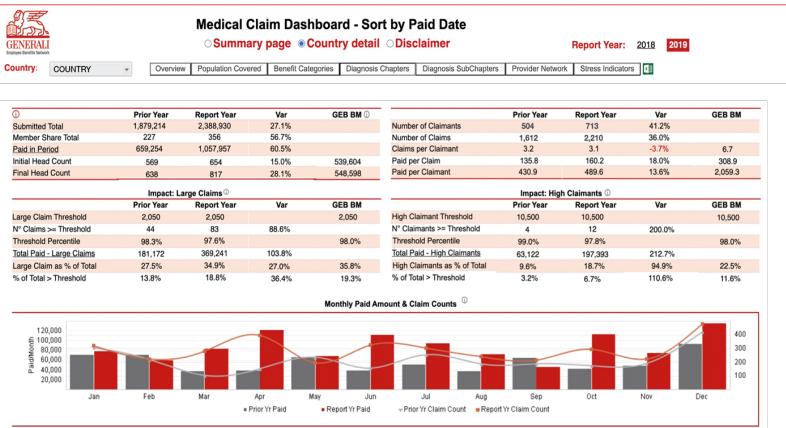

Nous accompagnons nos partenaires du réseau pour couvrir les filiales des multinationales et leur apporter les meilleurs services locaux. La réassurance simple, sans programme international en place, permet aux multinationales de bénéficier de meilleures conditions de souscription locales et d'un pilotage centralisé.

Nos Services Health & Wellbeing

Une équipe H&W GEB dédiée, des outils et tableaux de bord interactifs

Global medical claim dashboard

Le rapport médical interactif GEB apporte une vision des sinistres par pays et en identifie les coûts principaux. Disponible sur 40 pays et couvre 90% du portefeuille GEB.

Health Resource Center

Outils, services, kits de communication et applications mobiles e-santé grâce à des partenaires spécialisés

The grid contains six cards:

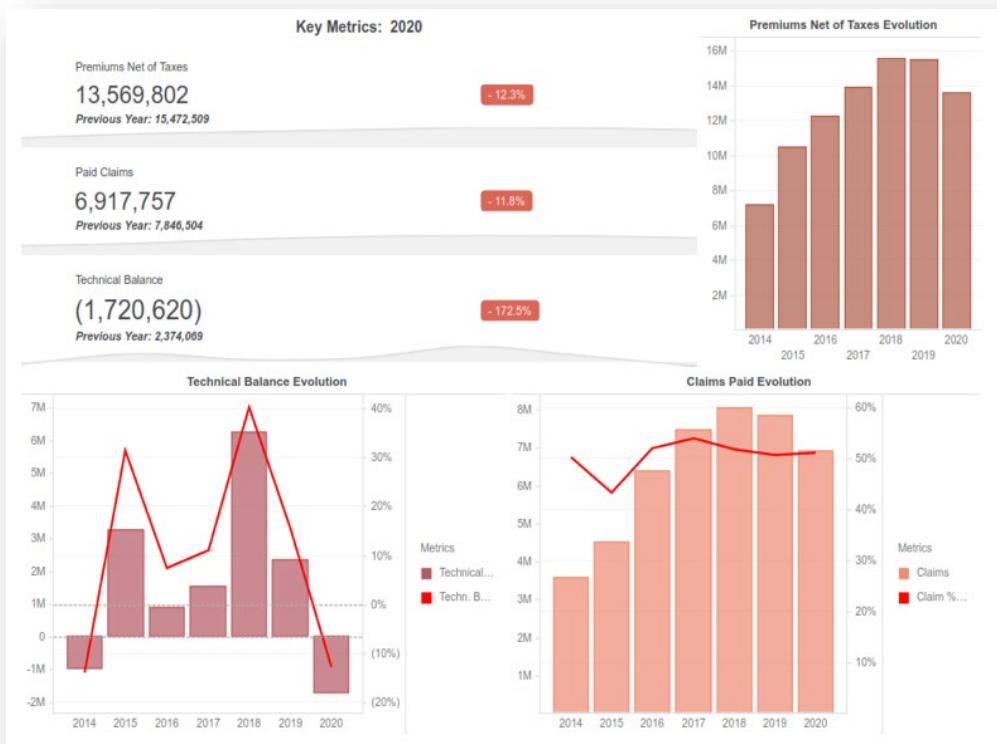

- Multimedia health kits**: Help your employees manage and prevent chronic diseases through multimedia health kits.
- Digital health services**: Tools and services to support your employees' health.
- Country health profiles**: Local country health trends and GEB network partner medical capabilities.
- Podcasts & webinars**: Learn about emerging medical trends and new perspectives on global care.
- Health & wellbeing news**: Find articles on benefits management, and health & wellbeing trends.
- Medical reports**: Interactive Medical Reports. Learn more about GEB's interactive medical dashboard reports.

Client Data Centre

Un accès 24h/24 & 7j/7 à une plateforme unique pour les clients et les courtiers

Caractéristiques:

- ✓ 1 portail pour les Rapport & les Dashboard Médicaux
- ✓ Accès à l'historique des données
- ✓ Possibilité de télécharger les données
- ✓ Mis à jour trimestriellement
- ✓ Interactif

COVID-19 Resource Centre

Toutes les informations sont accessibles sur le site geb.com/COVID-19.

The screenshot shows a world map where most countries are shaded in red, indicating they have GEB Network coverage. A legend at the top right includes 'OUR CONTACTS & LOCATIONS' and other links like 'Download centre', 'Contact us', 'Newsletter', and 'Search'. A callout box on the map says 'Find out how GEB Network is responding to the COVID-19 outbreak in your country'.

- COVID-19 resources on GEB.com
- Updated on an ongoing basis
- Links to global health resources including WHO dynamic maps, public health sites
- Network partner T&Cs pertaining to Covid-19
- Region-specific detail including local health updates, ministry of health announcements, announcements from local hospital authorities

This screenshot shows the GEB COVID-19 page. It features a sidebar with links like 'COVID-19', 'GEB NETWORK COVERAGE', 'SOLUTIONS FOR COVID-19', 'ASIA PACIFIC', 'EUROPE, AFRICA AND MIDDLE EAST', 'THE AMERICAS', 'INTERNATIONAL', and 'SUPPORT FOR YOUR EMPLOYEES'. The main content area has a heading 'COVID-19' and a paragraph about GEB's role as a network. Below is a 'WHO Coronavirus Disease (COVID-19) Dashboard' with a world map and data: 104,917 new cases, 5,704,736 confirmed cases, and 357,736 deaths. A note says 'Globally, as of 7:00am CEST, 29 May 2020, there have been 5,704,736 confirmed cases of COVID-19, including 357,736 deaths, reported to WHO.' At the bottom are sections for 'GEB Network supporting materials and useful links' and 'COVID-19 situation summary for Centers for Disease Control and Prevention'.

This screenshot shows the 'COVID-19 Health Bulletin' section. It has a heading 'Keeping safe Simple steps for you and your family'. It says 'Following is information drawn from public health sources on how to protect yourself and others from the COVID-19 virus. Since there is no vaccine or drug therapy currently available, avoiding exposure and preventing spread are the best ways to keep everyone safe. Here are 6 steps you can take immediately to avoid exposure and prevent spread.'

- 1 Maintain your social distance from others. If you have to go out for essential activities, keep at least 2 meters (approximately 6 feet) between yourself and others to prevent inhalation of droplets that can be shared by talking, sneezing or coughing.
- 2 Wash your hands with soap and water for at least 20 seconds. After washing, use alcohol-based hand sanitizer to continue to protect your hands from virus.
- 3 Avoid touching your eyes, nose, and mouth all of which are potential points of entry for the virus.
- 4 Practice good respiratory hygiene by coughing or sneezing into your bent elbow or a tissue; dispose of the tissue immediately in a sealed trash bin.
- 5 If you develop symptoms seek medical advice but call your doctor first. Calling your doctor or contacting a telemedicine service if the available tools will allow the healthcare professional to direct you to an appropriate facility and help to prevent further spread of the virus.
- 6 Know when and how to wear a mask. Do not wear a mask if you are coughing or sneezing, or if you're helping to care for someone who is sick.
