

# Introducing the new GEB Medical Dashboard (2025 edition)

## We are pleased to announce the GEB Medical Dashboard

This updated and enhanced version of the GEB Medical Dashboard will include all the in-depth claims and diagnostic information our users have come to expect, as well as a new user interface, and key features designed to improve the user experience and understanding of the data presented therein.

## New Features

- Executive summaries with key insights on risk trends and plan performance
- Improved data visualisations
- 5 years of data in one interactive view
- Simplified user interface
- Selectors for currency, client business entity, membership type
- Benchmark view by country

## Our approach to medical management and reporting at GEB

GEB is committed to supporting our clients and Network Partners to manage the health and wellbeing of their employees around the world, as well as the fiscal health of their EB programmes. We do this through tailored recommendations and insights on plan performance from GEB's Global Analytics & Insights team and GEB Health experts, offering access to a suite of digital health products and services; bespoke health communication materials; and the development of the **GEB Medical Dashboard** – a best in class medical reporting tool for global clients and partners.

The GEB Medical Dashboard is available for clients and intermediaries free of charge, and to participating Network Partners from the Gold membership level upwards. Contact [health@geb.com](mailto:health@geb.com) to find out more or to book a demo today.
